SCHEDULE CONFLICTS

Based on the Covid Testing schedule that was communicated from the School and those students registered for the PSAT, we are aware that some students may experience a conflict of expectations. To be clear, **Covid Testing is the priority**. Students who will miss classes on 1/26 and 2/2 for these reasons should reach out to their teachers, and parents should email usattendance@ssfs.org to notify the School of the absences. Student absences will be coded with either "Covid Test" or "PSAT" and there will be no late work penalty for students

INTEREST SURVEY FOR AFTERNOONS

This is a non-binding survey to assist the Upper School with planning supervision and staffing. Please respond by 5:00 PM Thursday, Jan. 28. [The link to the survey can be found here.](#)

GENERAL INFORMATION

Other general information regarding arrival, departure, inclement weather procedures, etc... is included in a message from the School that will arrive later today. We will re-communicate that information again later this week as Upper School students prepare to arrive on campus next week.
